WOODSTOCK TO HOLD SPECIAL TOWN MEETING JUNE 21

Woodstock voters will get a chance to vote Tuesday evening, June 21, at seven o'clock at the Woodstock Town Hall on the proposal to purchase the Ted Olson field across from the public beach. The idea is to use the land to increase the safety of the people using the public beach.

The Woodstock Town Park Committee invites Woodstock residents to a picnic on Sunday, June 19, at 12:30 noon on the site across from the public beach at the head of the lake. The pot-luck picnic will be a time to discuss the purchase of the land for the town. The requested \$7,000 is half of the purchase price. The other half is from a State Dept. of Conservation fund primarily designed for towns to make parks.

The swimming instructors, Fay Corbin and Paula Mills, will be on hand to discuss use of the facility. Also present will be members of the Tri-Town Ambulance Service to do free blood pressure checks and do a safety demonstration.

PROJECT GRADUATION A SUCCESS — A HAPPY ENDING FOR '83'

Over 60% of the graduated class of 1983, Telstar Regional High School, attended "Let's Spend the Night Together" celebration. Forty two seniors and forty guests proved that you can have a memorable time without chemicals.

The party goers were kept busy following the reception in the cafeteria that saw nearly 500 friends and relatives congregate. There were two bus loads at a 45 minute interval headed to Hillside. Jose Diaz greeted the graduates with music from the WBLLM! Pizzas kept the participants busy after a few initial racquetball games.

Competition was varied as Tim Kavanagh, Bill Morton and Dan Hannon took turns with the graduates. Volleyball champion was Felix Otero; while Mr. Taylor and Mr. Bartlett took VCR honors. Chairman Earl Merrill. Obviously all of these committee members will be assisted by all other Lions Club members.

Graduates and guests returned to the alma mater for Ms. Pac Man, Defender and Berserk. "An Officer and a Gentleman" was shown

he can tell you who can. This year's "Theme", will be announced next week, and as more activities and information becomes available an attempt will be made to keep the public informed.

MIDDLE INTERVALE MEETING HOUSE SOCIETY HOLDS ANNUAL MEETING

The annual meeting of the Middle Intervale Meeting House Society was held on Sunday, June 12. Restoration of the plastering and painting was nearing completion; setting a more pleasant surrounding for the members—a fine job of restoration by Dennis Wheeler and his conscientious crew.

Committee reports were accepted as read. A new slate of officers was elected as follows: President, Harry Kuzky; Vice President, Phyllis Dock; Secretary, Geraldine Howe; Treasurer, Louise Amis; Board of Trustees—Lt. Gen. James D. Alger (USA-Ret.), Elizabeth Mason Carter, Edwina Guyer, Mary Verenis, Agnes Haines.

Committee Chairpersons: Restoration, Stanley Howe; Fund Raising, Elizabeth Mason Carter; Grounds, Donald Eddy; Membership, Barbara Kuzky.

Outgoing President Stanley Howe reviewed some of the society's accomplishments for the past four years since its conception. This included repairs to the roof and steeple, painting the building, re-setting of the foundation stones and nearing completion of the re-plastering and painting of the ceiling and walls. All of this could not have been possible without the marvelous job of the fund raising efforts by all of the members. He also stressed the importance of establishing an endowment fund so that continuing updating of the Meeting House could be performed. He then received a round of applause for his tireless dedication to the Society. Through his efforts the society has received Federal Income Tax exempt status under Section 501 (c) (3) of the Internal Revenue Code. Under this ruling, all contributions to the society are now tax deductible.

FROM THE bethel town office

The subject of cable TV was reviewed last week when representatives from a prospective vendor discussed obtaining a Bethel franchise with the Planning Board. In several respects the proposal is the same one advanced last year; programming, rates for installation, monthly charges and cable coverage plans remain unchanged. However, the prospective vendor reorganized his management arrangement and new financial backers were obtained. A business plan will be submitted for the Planning Board's consideration late this month.

Looking ahead to Monday, July 4, the Town Office and the Landfill will be closed in observance of the holiday. The Town Office will resume normal hours, 8 a. m. to 5 p. m. on Tuesday, July 5. The Landfill will be open regular hours 10 a. m. to 4 p. m., both Saturday and Sunday, July 2 and 3.

The Board of Selectmen will meet in regular session Monday, June 20, at 7 p. m. in the Town Office meeting room. During July and August, the Board plans to meet once a month, July 18 and August 15, to accommodate summer vacation periods, but will be available to convene for emergency or special meetings on short notice.

While the June 20 meeting agenda will contain several items of interest one item pertaining to street lights deserves elaboration.

programs for this summer season include: (1) setting out line posts and trees for the north and south side of the property, (2) a bake sale, (3) an old fashioned church service and picnic, (4) a Sunday afternoon musical. Speaking of a musical, the society is sending out distress signals! There is a dire need for a piano and the society would appreciate a donation of one to be permanently housed in the Meeting House.

Sent in by Viva Whitman: Back in Bethel again after my visit to the big city of Lewiston to be with my daughter when she had her baby. Didn't expect to be gone quite so long, but the Doctor didn't predict the right time for the baby to be born. He kept saying it would come early, but baby fooled him and was two days overdue, when born. Anyway, I now have a lovely new granddaughter born May 22, weighed in at 7 pounds, 13½ ounces — 20 inches long — full head of dark brown hair and good lungs by the sound of her lousy cry. Her name is Courtney Evette Woolf, daughter of Mr. and Mrs. Michael Woolf of Lewiston.

It was a great experience to be there and see the miracle take place, then hold the baby in my arms just minutes after she arrived into the world. She caused her mother to have surgery after her birth, but I stayed so long, but I enjoyed every minute of holding that precious bundle. However, I am now back to basics, as Russell would say. No more high living like city folks.

Hope everyone is enjoying the summer weather now. It was so cold and rainy, now hot and humid. Doesn't seem possible it could go from one extreme to another so fast, but it sure does. Last Monday, Peggy and Russell went to Franklin Grange at Bryant Pond where Peggy took an office to help out and Russell spoke a piece to help with the program. I'm sure all enjoyed his speaking as usual.

Tuesday, Russell went to Norway for his usual blood check and did other errands while in Norway. He met our Aunt Doris Hayes at the hospital. We don't see her very often, so was glad to see her there.

Thursday callers were Mr. and Mrs. Bill Cairns of Jefferson, N. H. They worked with Peggy and I in Pompano Beach, Fla., so are dear friends and always glad to see them.

Wednesday, the dance production, Babes in Toyland took place

ant Pond at a 6:30 supper with 53 present.

The officers for next year were elected as follows: Master, Lewis Marcotte; Overseer, Robert Lewis; Lecturer, Scott Lewis; A. S., Raymond Tripp, Jr.; L. A. S., Connie Tripp; Chaplain, Marion Bennett; Treasurer, Josephine Tripp; Secretary, Gail Butterfield; G. K., Raymond Tripp Sr.; Ceres, Betty Lewis; Pomona, Marguerite Marcotte; Flora, Helen Stone; Ex. Com., Carl Brooks.

The C. W. A. chairman to be appointed later by the Master.

The Worthy Chaplain Marion Bennett presented her Memorial Service for the departed members, after which the Lecturer read the closing thought.

The next meeting will be at Pleasant Pond with the annual C. W. A. program in charge of Kitty Davis.

and Peggy and Russell went to see it. They were joined by Peggy's daughter Myrna White of Auburn, Myrna's daughter Pamela Taylor of West Bethel and Derta Becker from Germany. She had stayed with Myrna while attending Teistar, and came back for a visit.

Friday, Russell planted the rest of his garden, then he went to Alder River Grange in the evening to attend the last four-point meeting. Peggy went to graduation as her granddaughter, Lorna Carter, was graduating. On Saturday, Peggy and Lorna went to supper in Norway, then called at Lawrence Yates' home to visit for a little while. They had just gotten home from one of their trips on the road with their big truck. They go many places and see lots of things working that way.

Launa Hutchins of East Andover got home from the Rumford hospital on Saturday. She had been in the hospital for bronchitis and trouble with her legs, where she fell down some stairs a few weeks ago. Hope all goes well with her now.

While I was gone, the ceiling in my bedroom was put up. It looks real nice and am glad to see it done.

Peggy and Russell went up to see how Jim Swan is doing on his house the other night. They reported he is making good progress and is going to have a lovely home when done. He has one problem at the moment. There is a bird's nest in the top of the house with four eggs in it, so he doesn't want to close it off until the birds are hatched and big enough to leave. They grow so fast once they are hatched, I'm sure it won't be long.

I was surprised to see the clearing that has taken place and foundation put in at the corner of Sunday River Road and the Cross Road just above our place. They are to put a house on the foundation, that is already built. Hope we are around when they do it, it should be interesting to watch.

Guess that is about all I've found out since I got home. It's good to be back, but will miss the pleasure of rocking my new granddaughter.

South Woodstock
— Olive Davis, Corres. —

How are your gardens growing? Mine has been planted about three weeks and the small seeds and corn haven't broken the ground yet. Radishes, spinach and a few beets with oodles of lettuce are looking good. Beans haven't appeared and they always pop up early. I guess this isn't the farmer's year in Maine anyway.

Frank Knox and Dale Buck have finished repairs on my house.

Esther Davis took dinner with me Tuesday.

Franklin Grange meetings and Pomona was held at Bryant Pond Monday and Tuesday which some of us attended.

News is scarce in this area this week as no one has called and I hate prying in some one's business so haven't called either. I wish they would report on the unusual events of the week to me by Tuesday, so I would have news for the paper each week.

NOTES FROM

Evans Notch
White Mountain National Forest

In early June, personnel from the Evans Notch Ranger District of the White Mountain National Forest participated in a review of wildlife habitat improvement projects. The objectives of the review were to: provide training for new employees; examine past work for improvements in quality and quantity; and to surface and solve problems. Two of the eight areas examined were the Patti Brook Marsh in Albany and the Demo Area at Bog Brook.

In the 1960's, the Maine Department of Inland Fisheries and Wildlife and the U. S. Forest Service joined forces to rebuild the "Granite Dam" at Patti Brook. The objective of retaining more water behind the dam was met; however, the projected increase in use by waterfowl never developed. The shortage of aquatic vegetation limited cover and food for wildlife.

Early in 1982, a management plan was finalized for the marsh. The objective of the plan was straightforward: improve habitat for game and non-game species while maintaining the current fish population. The plan contained a schedule for managing water levels in the marsh throughout the year.

In the past, the water level has remained constant. This has prevented the growth of many grasses, sedges, and aquatic plants desirable for wildlife. As vegetation, nutrients, and sediments settle to the bottom of the pond each year, they remain there without being used.

By lowering the water in early summer, the mud flat areas, rich in nutrients, are opened to the air. This "airing out" promotes decomposition of old vegetation and allows new vegetation to utilize the locked-up nutrients. To promote vegetative growth, select plantings of wildrice and bur-reeds have been made. Annuals, such as buckwheat and millet, have also been sown.

The water level is raised in late summer, before beaver and muskrats build their winter quarters. The deeper water cradles the seed laden heads of the annuals and offers an easy meal to waterfowl. The perennials and native vegetation enhance future nesting cover, food sources, and resting cover for

Patient confidentiality is what exists between a doctor and a patient. Whatever happens or is said is held in confidence. That same confidence applies to ambulance patients and the attendants who provide the service. If you see the ambulance unit, please don't ask who was taken or what was the matter — what happens on an ambulance run is privileged information between the patient and the ambulance crew. You can make our job easier by not asking questions that we have no right to answer. Please don't put us on the spot — it might be you others are asking about.

At the wildlife Demo Area, brush piling operations were completed in late May. Sixty-four apple trees were fertilized to promote apple production for game and non-game species. Approximately 300 pounds of a wildlife seed mixture were sown on the 10 acres of cleared terrain. — Mrs. Collista Morgan, Corres. —

As the sun rose this morning colored ribbon after colored ribbon waved as the hills untied their bonnets. The shadows crept along with stillness on the pond, changing with the mood of the sun. We watched as we breakfasted and welcomed a new dawn. How lovely was its beginning!

Later I went for a boat ride down pond and up Sanborn River. Of course this water flow doesn't fill the air with reverberating music but it is sweetened by songs of birds. Pines and pine trees caught the glow of the sun. Beautiful contrasts I saw everywhere; trees and colors, light and shade, tangles and supple bushes, and the swish and gurgle of the boat and oars.

It was beautifully quiet. Myriads of small winged insects added interest. The air was spicy and exhilarating; fragrant with damp moss and flowers.

Little paths led through the ferns and grass, a reminder that there were friends out there watching.

Turning back I faced Noyes Mountain with the sculptured beauty of trees which reach for the sky. The sun beams spread over their tops.

At the entrance to the pond whirling beetles were darting and dancing. They can fly, dive, or lazily sun themselves but they like best to whirl and dance on the water.

The button bushes had buds but no blooming yet.

A bullfrog uttered sonorous sounds saying "Go-on-go-on."

The biggest creature I saw was a snapping turtle; huge, ugly, with a neck bigger around than the oar it held and jaws that could hold one. It was ancient I'm sure to be so enormous. Such a creature is destructive, especially to baby chicks. By no stretch of the imagination was this creature attractive. The last look from those awesome, cold, calculating eyes, left me cold, too, as it slid into the water.

A sandpiper walked high stilted on a point of land full of jerky dignity, a kingfisher flew low. The oriole, a bit of sunset, filled the air with sounds of clinking coins. A pair has amused me for several days. They have taken so much colored yarn that I'm wondering how their "sweater" looks. One time Pa came and took strings, flew across the road to the ash tree and Ma came and met him there. She took one piece of the string; he kept the other and they flew away together. Do you think the string was too heavy to carry, or was she just being helpful?

The Day Care program at the Children's Center continues to operate with an active group of young children. This spring between rainstorms they planted their vegetable garden and will tend it through the summer months. In the classroom they have been busy, involved in many creative projects, using water colors, straw paintings, regular easle paintings, and making bean pictures. They have made beautiful clothes-pin tissue paper butterflies, full sized body prints, and fierce-looking huge "wild things." Children have also sculptured their own work with play-dough. PREPARED CHILDBIRTH CLASSES START JUNE 21 AT BETHEL HEALTH CENTER

The Bethel Area Health Center will again be sponsoring "Prepared Childbirth Classes" for expectant parents in the area. Coordinated by Pat Donovan, R.N., the classes will meet Tuesday evening from 7 to 9:30 p.m. for eight sessions, running from June 21 to Aug. 9.

Each week participants will be instructed in Relaxation & Breathing Exercises, which will include the Lamaze & Bradbee Methods. There will also be a variety of topics covered by different speakers which will include: prenatal care, basic anatomy and physiology, aspects of labor and delivery, alternatives in childbirth, care of the newborn, infant nutrition, and parenting. The basic goal of the classes is to help prepare expectant parents for a rewarding and joyful experience, and ultimately to help pave the way for happy and healthy babies and parents.

All who are interested in participating in this course, must register at the Health Center, 824-2130, by this Friday, June 17. (The next course is scheduled to start in October.)

A couple of additional awards were presented at the conclusion of the awards assembly. SSG William Becker, SFC Ray Lefever and Pvt. Cheryl Simmons, representing the U. S. Army presented academic scholarship awards to Chris Davis and Ken Whitney. An outstanding soccer player award was also presented to Chris Mills.

The Michael Brooks Outstanding Senior Athlete Award was presented to Joyce Gauthier by Athletic Director Peter Brown. This award is presented annually in memory of Michael Brooks, a former Telstar student athlete.

At the conclusion of the awards ceremony, Telstar Athletic Boosters Association president, Caroline Gould, presented the school with wall banners representing the State Championships that Telstar has won in Field, Cross Country, Football, Baseball, and Skiing. These banners were presented in memory of David Myers, a very loyal Telstar booster.

Presentation remarks of Mrs. Gould were as follows: "The Telstar Athletic Boosters have been very active this year. Our membership drive, hot dog sales and fund-raising efforts have helped to increase our funds to \$1,823 this year. Our thanks to all who contributed time, energy and hot dogs. With this money we have helped buy a pitching machine for the girls Softball Team. Helped buy a track setter for the Ski Team. We have purchased stop watches and a pole vault for the Track Team. It has been the wish of the Boosters for a long time, to purchase something for all Telstar Athletes. The money earned this year has enabled us to make this wish come true. Tonight we present this gift to the Athletes in memory of David Myers. With this gift we honor all Telstar Athletes, of the past, present and future."

WORLD WAR I AUXILIARY

MET JUNE 1

World War I Auxiliary #2943 met at the Legion Hall for their monthly meeting on Wednesday, June 1, preceded by the usual pot luck dinner served by Maude Danforth, Olive Head and Jane Van.

There were 15 seated at the table. Chaplain Thelma Conant gave the blessing.

The business meeting followed with President Maud Danforth presiding. All officers were present by roll call.

The secretary's and treasurer's reports were read and approved. All bills were voted paid. Olive Head, Sunshine chairman, gave her report for the year.

Plans were made for the State Convention being held at the U. of M.-Farmington June 9-10. Delegates at large are Hilda Donahue, Frances Bennett, Mary Bishop, Myra Stevens and Maud Danforth. Other delegates attending from Bethel are Rose Taylor, Jane Van and Adeline Dexter. Roy Cummings will represent the Barracks.

Eight of the WWI joined the Legion's Memorial Day exercises in honor of veterans.

Maude Danforth and Frances Bennett covered the cemeteries with bouquets for deceased members for Memorial Day.

For the good of the order, Americanism chairman Thelma Conant read two poems, "America and Her Green Umbrella," and "Our Flag." All sang "America the Beautiful."

Does your life broadcast a story? That is fine and brave and true. Or send out on the antenna. Some sobbing, wailing blue. Then check up on your program. Make it strong and clear and true.

Be careful what you broadcast. From Station YOU.

The next meeting will be July 6, pot luck at the Riverside picnic area. If rainy the meeting will be at the American Legion Hall.

Letters to the Editor

June 13, 1983

To the Editor:

I would like to explain to our neighbors in West Bethel and softball players who use the field behind our school why we have had to post our playground with "No Trespassing" signs.

It has taken many years to build the playground at the West Bethel Children's Center through efforts of parent groups involved in special fund-raising activities. Neither our Head Start or Day Care programs have had the money budgeted to buy expensive heavy duty equipment. Slowly but surely over the years with the extra money raised and many volunteer work hours by both staff and parents, the Children's Center now has an ideal playground set up for young children.

Our Center enrolls children 2½ to 6 years of age so the equipment was built specifically with this age group in mind. During the past two years the playground has had a lot of "hard" use from area children, after Center hours. Parents and staff at the Center have been increasingly concerned as older children anywhere from 10 to 16 years of age used the equipment in inappropriate ways, breaking swings, carving initials on picnic benches, setting off smoke bombs in a play house, strewn trash, and generally abusing equipment. We also had a concern during softball games of large groups of children using the playground with no adult supervision. Last year I was at the school after regular hours working during a softball game when a heavy metal bar was hanging and finally broke the whole set-up.

It was a blessing that none of the children were hurt as there was not one adult in playground with children. For all of these reasons to protect our equipment and safety of children using equipment we have had to keep everyone out.

We would be willing to work out arrangements with responsible neighbors and softball players who would like their children to have opportunity to use playground. We ask that you contact the Center before you plan on using the playground and let us know who will be supervising the

play.

We also ask that "supervisors" limit the use of the playground to younger children up to age 8. We feel this arrangement will give children use and enjoyment of play area and we'll be able to keep equipment in good safe condition for many years to come. If anyone has any further questions please contact me at the Center, 836-3700.

Sincerely,

Donna A. Richard,

To the Editor:

In the Town of Woodstock the Conservation Commission is bringing before the people an opportunity to vote for the purchase of the field across from our tiny public beach. The federal government recognizes the importance of designating public lands for use by our children and future generations, and will therefore match with federal funds the purchase of this land. The plan would be to move the road back away from the beach and through the field, thus providing a safe play area for children, increasing the size of the beach, and providing parking on the beach side so children won't have to cross the road. As the former swimming instructor for many years for the Town, I am well acquainted with the problems at the beach. The beach is so small that there is little room to spread out

During swimming classes there are apt to be as many as 60 parents and children on the beach at a time. Children are often dashing into the road after balls or actually playing in the road. Cars park across the road from the beach and children dart out into the road from between parked cars. The small size of the beach, the location of the road, and the parking of cars across the road create an extremely dangerous situation. I support and urge the approval of this proposal to eliminate the dangerous conditions existing at the beach and provide more space for all of us.

Help Wanted

Northwest Bethel

— Charlie Gibson, Corres. —

Summer has finally arrived in full force. The apple trees have blossomed and mostly fallen. With the rains everything is very green but many are late putting in their gardens. Stan Moore and family were cutting up their seed potatoes Saturday. We got our tomatoes, etc., in last night after the shower. Boy, was that one near! The ducks are growing like little weeds. I didn't realize how protective the drake is, not only to the babies but also to the mother. Every morning the regular birds have a swooping up and down by the driveway almost as though they were performing in a ballet or maybe more like The Blue Angels. I am ashamed to say I don't even know what kind they are. Frank and I went to South Paris Saturday to pick up some things at the seed store and it seemed like the campers and motorcyclists were out in full force. Ruth and Charlie Mason and the other five Mason children went to Telstar to see their sister, Melinda graduate.

Melinda Mason and Carol Wright went to Positively Maine Street, Friday night. This was a gift from the restaurant.

Saturday, Charlie and Ruth Mason went to a cook out at Mr. and Mrs. Bobby Blake's and other members of the Blake family.

Aiden MacDougall took Lea to U. of M., Orono, where she has employment for the summer.

Frances Farnum, Kay McAllister, and Evelyn Hilborn recently went shopping in Rumford and Auburn. They had lunch in Turner and came home through Sumner.

Saturday the three ladies went to Freeport and had dinner in Gray, then Sunday the three ladies had a lovely day to enjoy a ride to Rangeley where they had dinner and came home through Andover.

Friday night, Frank and Sid Murphy had Amy and Mary Beth Hannon all night. Mr. and Mrs. Daniel Hannon helped at the all-night chemical-free party for Telstar graduates. The Murphys also babysat Beth and Diana Blake, while the parents, Terry and Lee Blake, went to Terry's sister Melinda's graduation. Frank took Amy and Mary Beth Hannon, Beth Blake and picked up on the way Misty and Shilo Hutchins and took them all down town for an ice cream. Sid stayed home with baby Diana.

Mr. and Mrs. Homer Smith Jr. and family had for Sunday visitors Dennis Smith and Lisa Doen and Doug Smith.

Kathy Mason and three children went to a musical in South Portland in which the children took part.

Quite a few of the young people have been having birthdays. Shilo Hutchins, daughter of Mr. and Mrs. Jeff Hutchins, celebrated her ninth birthday May 23. Guests for cake and ice cream were Gram and Grampa Hutchins, Grammie Conner, Ruth Wilkinson, sister Misty, Mom and Dad.

Our son, Jim, Sue and Heather came May 31 and June 1 she celebrated her first birthday here with us. Uncle George decorated a Raggedy Ann cake for her. We also served ice cream.

June 5 was the birthday of both Sarah and Jessica Coolidge, daughter of Mr. and Mrs. Victor Coolidge. On that day, Ernest and Alberta (Gram and Gramp) Angvine came for dinner. Other callers were Evelyn Hilborn, Dick and Sue Angvine.

Sarah had a party June 1 for her 7th birthday and had Jaime Lewis, Jennifer Mason, Dawn Seames, Misty Hutchins, Micki Peterson, Michelle Gordon, Brandy Cordwell, Amy Bennett and Venessa Yates. They had an outside party and played games. Cake and ice cream were served. June 4 Jessica had her 5th year party and had Monica Bean, Cindy Torrey, Leah Bonema, Timothy Adams, Ryan Seames, Chuckie, Meredith and Jennifer Mason.

Jennifer Mason had her 7th birthday party June 10 with Misty Hutchins, Dawn Seames, Sarah Coolidge, Tabitha and Casey Mason.

I also had overlooked Amy and Matthew Laban's birthdays in May. Children of John and Sue Laban. Amy had her 10th party with about five present and Matthew turned 15 and the family went to Gorham, N. H., to eat.

Friday, May 27, overnight guests of Shilo Hutchins were Amy Hannon and Jennifer Adams.

Danny Gibbs is working on the Bob Stearns' kitchen.

Bob Stearns had the misfortune to have a sapling hit him in the face while working on his woodlot and had to have many stitches in the nose area and injured his eye. His daughter, Debbie

Isabelle Bryant and the Glover family were dinner guests at Lisa McGinley's one evening last week.

Mrs. Wilson's Mills school children went to see a movie in Rangeley on Friday. After the movie, they were treated to pizza.

A Chinese auction was held by the school children on Thursday evening.

A regular Grange meeting was held on Saturday evening. After the meeting, slides were shown by Robert Glover and David Fulton of the trip they took to Paris, France in April.

Seames took him down to get the stitches out this week.

Corey, Pat, and Sarah Brown flew in from Rock Springs, Wyo., May 31 and stayed until June 9 with his parents, Mr. and Mrs. Stan Brown. One evening they all went to dinner in Berlin, N. H. One evening his sister, Anne Dunbar, came from Oxford to spend the day. Andrew Benson spent Monday evening with his grandparents and uncle and family. One day Corey and family had dinner with Peter and Anne Dunbar. Others of the Brown family visited Sunday. Sarah is now 15 months old and, of course, steals the show.

Wednesday, June 8, Elaine, Shilo and Misty Hutchins attended the dance recital "Babes in Toyland" and then enjoyed pizza in West Bethel with Sally, Amy and Mary Beth Hannon.

We now have six baby goslings. Our birds that built the nest in the barn have flown away so now all our birds have hatched.

Albany HUNT'S CORNER AND VICINITY

— Kathy Bennett, Corres. —

It sure is a hot humid June morning. A very nice change after all the rain of the past few weeks.

James A. Barton graduated from Telstar on Friday night. We wish him all the best as he begins his college career at the University of Southern Maine in the fall. Those attending his graduation were Fran and Larry Parsons, Brownfield; Roger and Yvette Barton, Sr. Arthur and Sarah Seavey of Conway, N. H., and his parents, Mr. and Mrs. Franklin Barton, Jeff and Brett, and I also attended as Dave and Dan played in the band.

Recent callers at the Barton Farm have been Andy Jacobs of Old Orchard and Alice and Bernard Graffam of Denmark.

Mr. and Mrs. Howard Imman and Mr. and Mrs. Robert Pope had supper at the Charles D. Merrill's camp on Saturday night.

Recent visitors at the Hugh Stearns' home have been Howard and Barb Imman, Cathy and Jason Imman, Mike and June Imman and children, Frank and Terri Howard and children, Edward Butters and Renita Imman, Mr. Kerr and Mr. Mrs. B. Wentworth.

Christoff Rugg was home for a short visit on Saturday.

Esther Rugg and family attended a graduation picnic for Abel Rugg on Sunday afternoon.

It has been a busy week at K-D's Acres. I visited my folks, Mr. and Mrs. LaForest Twitchell, Aunt Kay and Aunt Dot on Tuesday. Thursday I went to Norway shopping and Thursday evening we called on Flo and Warren Cairns in North Waterford.

Friday we finally got our gardens planted thanks to the help of our neighbor, Frank Barton who tilled all of them for us. Now let's hope they grow.

Callers last week were Margaret and Franklin Barton, Mr. and Mrs. B. Wentworth, Peter and Candy Howard, P.J. and Zane Westleigh,

Commander Charles Mason has announced there will be a special meeting of Jackson Silver Post #68, Thursday, June 23, at 7:30 p. m.

The Parsonage Fund Pot Luck supper scheduled for Sunday, June 19, will begin at 5:30 p. m. rather than 6 o'clock as stated in previous releases. Members and friends planning to attend should bring place settings, a casserole, salad or dessert.

A severe thundershower Monday evening.

— Eveline B. Vatcher, Corres. —

What a beautiful week end and didn't we have one coming to us? We took our supper outside but the bugs drove us back inside.

Rhoda Vatcher returned to her home June 8, after being with her daughter and family for three weeks.

A very heavy frost at Joe Vatcher's Thursday and Friday morning. We are in a valley. Joe watered the garden all over at 4:30 a. m. Thursday but left it on Friday as it was cloudy for a while.

A moose took down a section of the fence at "Big Rock" and it has been repaired.

Joe and Eveline Vatcher called on her niece Barbara Felt and family Saturday morning and took a large bag of rhubarb. Mr. and Mrs. Linwood Felt came as we were leaving and it was good to see them after many years. They were going to Linwood's 50th class reunion at the home of Mr. and Mrs. Merle Ring, Bryant Pond.

Several from our little hamlet attended the W.P.H.S. Alumni banquet at West Paris Grange Hall June 11. Their largest crowd ever.

The schools were in session Monday and Tuesday this week, then closed for the summer.

Callers at Lawrences: Lloyd Huntley, Jimbo Coffin, Joe and Eveline Vatcher, Arnold Coffin, Stevie Mills mowed their lawn, Mr. and Mrs. Norman Abbott and Jo-Anne.

Arnold Coffin likes his hearing aid very much; no more shouting.

Mildred O'Brien says a bear is hanging around her house.

No blue Monday today, the clotheslines are full and the sun shines on everyone. Let's make the most of it. Have a good week and watch the sunburns or tans.

The Saugus Improvement Society of Saugus, Mass., has disbanded after many years. Mrs. Rhoda Vatcher was a member for 40 years. They have given the folding chairs and card tables to the North Paris Community Club, except for a few chairs for the Saugus kindergarten school, so Joe Vatcher went to Saugus Monday

— Louise Loring, Corres. —

Dear Fathers:

This is really a long over-due letter to all of you—for many times, I am ashamed to say, I have neglected you—or left things unsaid—that should have been said long ago.

This is me—your child. Will you let me turn back the pages of time a little? Pardon me for somehow I seemed to have pushed your memory into a vast storehouse of forgetfulness of late. Not intentionally. So please let me pause amidst the rat race of our times, to pay you a just and lasting tribute, via letter on your own special day.

You first were introduced to me in a simple little nursery, and as I stared back at you from within also sensed that you and I would share a lot of good times together—this was not a happenstance, or a mere coincidence, this was a God given gift for knowing one's own.

Through the years, when my courage faltered when cynicism threatened me, when many times I stumbled and fell, or my dreams were shattered—you have been there, and today, though grown, I still find myself drawing from your wisdom and strength.

I find myself thinking today about all the demands and requests I made of you (some of them simple—some not) and how hard you labored, planned and toiled, to grant all of these requests that you possibly could. And in my child like simplicity, I knew I could depend upon you, if all else failed.

Later in life, when my own children, made these same demands,

Do you remember the first day I looked up at you, waved my little fist—kicked off the blankets and quirked my mouth into that shapeless, toothless grin? For I also sensed—that you and I would share a lot of good times together—this was not a happenstance, or a mere coincidence, this was a God given gift for knowing one's own.

The topic of Pastor Hanscom's service Sunday morning was "I Love to Tell the Story"; with several Scripture readings and hymns during the message.

Amia Parslow sang "It Is No Secret", with Robert Parslow on the piano. Nancy Hanscom was organist. Sylvia Wright led the children's service. Robert Parslow assisted with the Scriptures.

Mr. and Mrs. Willard Wright visited Helen Abbott in New York last week.

Thomas Wight, Brunswick, was a week end guest of his parents, Mr. and Mrs. Owen Wight.

Mrs. Susie Bonner, Jennifer and Christopher, Augusta, are spending some time with her parents, Mr. and Mrs. Owen Wight.

Karl Brantner, Waterville, was a week end guest of Mr. and Mrs. Stephen Yates, Stewart Wagner, Grafton, was a caller.

Mr. and Mrs. Donald Tetley, Coventry, R. I., were week end guests of Mr. and Mrs. Norman Tetley.

Mary Tripp, Katie Scott and Mr. and Mrs. Peter Baker were in Lewiston Wednesday.

Eleanor Morton called on Mr. and Mrs. Arthur Cummings, Bethel, Friday.

to bring them to North Paris. "Root" Lawrence went with him as it was too hot for Eveline. They also called on Mrs. Fannie Vatcher.

This is me—your child. Will you let me turn back the pages of time a little? Pardon me for somehow I seemed to have pushed your memory into a vast storehouse of forgetfulness of late. Not intentionally. So please let me pause amidst the rat race of our times, to pay you a just and lasting tribute, via letter on your own special day.

You first were introduced to me in a simple little nursery, and as I stared back at you from within also sensed that you and I would share a lot of good times together—this was not a happenstance, or a mere coincidence, this was a God given gift for knowing one's own.

Through the years, when my courage faltered when cynicism threatened me, when many times I stumbled and fell, or my dreams were shattered—you have been there, and today, though grown, I still find myself drawing from your wisdom and strength.

I find myself thinking today about all the demands and requests I made of you (some of them simple—some not) and how hard you labored, planned and toiled, to grant all of these requests that you possibly could. And in my child like simplicity, I knew I could depend upon you, if all else failed.

Later in life, when my own children, made these same demands,

Do you remember the first day I looked up at you, waved my little fist—kicked off the blankets and quirked my mouth into that shapeless, toothless grin? For I also sensed—that you and I would share a lot of good times together—this was not a happenstance, or a mere coincidence, this was a God given gift for knowing one's own.

The topic of Pastor Hanscom's service Sunday morning was "I Love to Tell the Story"; with several Scripture readings and hymns during the message.

FROM THE BETHEL AREA HEALTH CENTER

Chicken Pox

We are once again being hit with an outbreak of chicken pox in the community, so some information may be helpful. Chicken pox is a common viral disease which, for the most part, affects children. However, any person without a history of a prior infection is susceptible. The disease is characterized by groups of a blister-type rash starting usually on the trunk and then erupting on the face and extremities. This rash is usually accompanied by a fever or generally not feeling well.

Chicken pox is very contagious and may be contacted by touching the infected person or coming in contact with any of their respiratory secretions. (Example, child sneezes into the air in the room, which is then breathed by another.) Infected persons are contagious from about 24 hours before the onset of the rash until all the blisters are crusted (usually 8-7 days).

Incubation period (or the time between when an uninfected person comes in contact with when he/she develops signs of the disease) is anywhere between 11-21 days. Chicken pox is generally a non-dangerous virus for healthy children and they recover without problems. A common complaint is itching and if this is severe, your health provider can give you a prescription for one of several antihistamine products which will help.

Secondary bacterial infections of the blisters is not unusual. It is advised not to scratch open the blisters. If an area of heat, redness and tenderness develops around one of the blisters it is advised to contact your health provider.

Complications of chicken pox are unusual, however they do occur. Please contact your health provider if: (1) fever seems to be very high and not responding with acetaminophen (example—Tylenol); (2) if a child is lethargic, not responding or shows signs of being off balance, tremors or coma; (3) if a lesion appears on or very close to an eye; (4) The person has a prior disease of the immunity system (such as leukemia) or is receiving a steroid drug regularly.

An anonymous donation has been made to the Regular Endowment Fund of the Bethel Historical Society in memory of Sylvia Conroy bringing contributions so far during 1983 to \$145 from five donors.

Amongst other good news this week is word from the Maine State Commission on the Arts and Humanities that the Society has received a grant to assist in the restoration of the two portraits of Alphonse (1804-1886) and Roxanna (1816-1892) Twitchell. These were presented to the Society last summer by Life Member Roxanne Twitchell Sly of Brooklyn, Maine, a great granddaughter. They were believed to have been painted in about 1835 by an unknown artist. The Twitchells lived in Mayville on the site of the present home of life members Norman and Sylvia Clanton. According to Lapham's "History of Bethel," Alphonse Twitchell was "an active businessman, a farmer and dealer in cattle, often in town office, a good citizen and highly respected." He and his wife were the parents of seven children. BETHEL TOWN OFFICE

continued from Page One Residents will recall that for the past several years the quality of our street lighting has been gradually upgraded to take advantage of more cost-efficient and energy-effective sodium high-intensity lighting fixtures. In 1981, for example, 22 lights (mostly the outdated incandescent fixtures) were removed and six high pressure sodium fixtures were installed in various locations throughout Town. The annual cost savings to taxpayers, after a mid-year rate increase, was about \$400. Fees are based on a cost per fixture basis and not tied to the amount of electricity used.

Given that 61 incandescent fixtures remain throughout the Town and a current monthly street light bill is over \$1,022.51, there are grounds that must be gained toward the following street light policy set by the 1983 Town Meeting: "Street lights shall be provided by the Town of Bethel only in accordance with a systematic plan to provide pedestrian lighting along continuous routes or to illuminate intersections of public roads and streets. The Town shall not provide isolated street lights or yard lighting for the benefit of private individuals or businesses." At the June 20 meeting, the Manager will propose street light changes to meet this objective and lower annual costs. Public hearings will be scheduled for mid-summer and published in the Bethel Citizen.

The newly formed Airport Development Committee will hold its first meeting on Tuesday, June 21, at 7 p. m. in the Town Office Meeting Room. The meeting will focus on organizational items and an overview of the status of airport development actions will be provided by the Manager. The committee was formed to provide essential advice to the Board of Selectmen on matters related to developing the Bethel Airport in accordance with the Airport Master Plan (1982).
